

Steps To Tell Us About

SAVING ENERGY

This could be anything from installing energy efficient light bulbs to setting up your own wind turbine.

TRAVELLING WISELY

This could include car sharing, using more public transport or cycling to work.

SAVING RESOURCES

Tell us about any initiatives you've set up to reduce, recycle and reuse the resources you use.

WORKING WITH THE COMMUNITY

Tell us how you've involved your wider local community in the fight against climate change.

HAVE A GREEN PROJECT IN MIND?

Tell us what environmentally friendly project your group would get started with if you won the prize.

Please feel free to contact Laura on 01884 235887 if you have any questions.

Small Green Steps Awards 2010

How Green Is Your Group?

£5,000 Available!

£2,000 First Prize!

Small Green Steps Award 2010

Even small community and voluntary groups can make a valuable contribution when it comes to tackling climate change and reducing the impact our daily lives have on the environment.

Last year this was recognised by the Devon Community Foundation with the launching of [Small Green Steps Award](#).

We wanted to know what steps, small or large, your community or voluntary group had been taking to tackle global warming and become greener.

We had such a good response from groups doing their best to make a difference, we have decided to hold the awards again this year!

Does your group:

- Save energy?
- Travel wisely?
- Save resources?
- Recycle regularly?
- Have a green project in mind?

Enter NOW and your green steps could win up to £2,000 for your community group.
